Verse Ear:

I am satisfied
When i do what i like
I would not go for a fight
I try to turn up the light
Let me choose right
Show me your sight
Before i decide
What dream i ll ride
Which queen might
Be the one ya
To sweetn my night

To feed my hunger
We re more than friends
Mek love last longer
Than one night stands
Let love get stronger
Than laws and plans
I burn
O thunder you make me wonder
Under your spell gimme a chance
