

# Seekers, Colours Of My Life

I can't seem to get my sleep now any old night,  
Mr Sandman passes by my door;  
Life has changed since you've been there to say it's alright,  
You taught me to understand what I thought couldn't be,  
Don't mind missing sleep if I can see:  
Colours of my life,  
You've got love to fill my heart;  
I don't need a rainbow  
With colours of my life,  
Colours of my life.  
Colours blend with love to show I'm happy with you,  
I can never be the same again;  
Now my eyes are looking past the life that I knew,  
I'll be shedding black and grey to take on red and blue,  
Colours I can feel by touching you:  
Colours of my life,  
Bloom like flowers in my heart;  
I don't need a rainbow  
With colours of my life,  
Colours of my life.  
Colours of my life,  
Bloom like flowers in my heart;  
I don't need a rainbow  
With colours of my life,  
Colours of my life,  
Colours of my life.
