"Remember Me"

---

Please remember! This translation is my personal work. It is sometimes difficult to translate word for word.

---

Oh, today I remembered you  
when I heard our song  
I returned for a moment  
to the happiest times  
that I spent with you mi amor  
Sometimes I wonder  
if you also remember  
those moments of our love  
How I wish I could know  
if you also think of me  
Thinking of you, I want you here  
Remember me, mi amor  
If I could, I would give you the world  
In order to have you here  
Remember, remember  
Remember me  
Remember, remember  
Remember me
