

# Selena, Aunque No Salga El Sol (English Translation)

"Even If the Sun Doesn't Rise"

-----  
Please remember! This translation is my personal work. It is sometimes difficult to translate word for word.  
-----

I wake up and go to sleep with you  
In my dreams, you're always with me  
There's not a moment that I'm not thinking  
that finally, you keep loving me  
The stars are in your eyes  
Even if they say that they are in the sky  
I don't know of sadness or anger  
With your love, corazon\*, I'm happy  
Even if the sun doesn't rise  
Even if the sun doesn't rise  
Vida mia\*, your warmth  
always runs through my veins  
Even if the sun doesn't rise vida mia\*,  
You light me up, and calm my fears  
\*corazon-- term of affection in spanish (literally "heart");  
\*vida mia-- literally "my life";
