

Selena, Captive Heart

Captive Heart

Mark Goldenberg & Kit Hain

I see him walkin'

I sense the danger

I hear his voice

And my heart stops

He wears a face of the night

Ooh - the perfect stranger

And I'm fallin'

Ready or not

Don't think about it

Who knows where the wind blows

No doubt about it

I'll go where he goes

(Chorus)

My captive heart (he holds the key to these emotions)

My willing soul (let me drown in this ocean)

And I carry the flame

Like I did from the start

As long as he's callin', callin'

My captive heart

Fire burns

So I've been told

But I like the way it feels

He has a wild passion

That drives away the cold

And I know his touch is real

Don't think about it

I'll go where he goes

(Chorus)

Don't think about it

Who knows where the wind blows

No doubt about it

I'll go where he goes
