

# Selena, Despues De Enero (English Translation)

"After January"

-----  
Please remember! This translation is my personal work. It is sometimes difficult to translate word for word.  
-----

After January comes April  
Maybe I'm wrong  
I don't even know how to finish  
if I haven't even begun  
You're at fault if I am  
very crazy, very disoriented  
If they ask me where I am,  
I'm in love with you  
January, July, and then December  
I'm hooked on your love  
After March comes September  
My thoughts are those of a child  
After January follows April  
Maybe I'm a little confused  
I don't know how long I can go on  
Because I'm in love with you
