

# Selena Gomez, Look At Her Now

they fell in love one summer  
a little too wild for each other  
shiny till I wasn't  
feels good till it doesn't

it was her first real lover  
his too till he had another  
oh God, when she found out  
trust levels went way down

of course she was sad  
but now she's glad she dodged a bullet

took a few years to soak up the tears  
but look at her now  
watch her go

look at her now  
watch her go  
look at her now  
look at her now  
watch her go

fast nights that got him  
that new life was his problem  
not saying she was perfect  
still regrets that moment

like that night  
wasn't wrong, wasn't right  
what a thing to be human  
made her more of woman

of course she was sad  
but now she's glad she dodged a bullet

took a few years to soak up the tears  
but look at her now  
watch her go

look at her now  
watch her go  
look at her now  
look at her now  
watch her go

she knows she'll find love  
only if she wants it  
she knows she'll find love  
she knows she'll find love  
only if she wants it  
on the up from the way down  
look at her now

look at her now  
she knows she'll find love  
only if she wants it  
she knows she'll find love  
look at her now  
she knows she'll find love  
only if she wants it  
she knows she'll find love  
Wow

look at her now
