

Selena, Quiero Ser (English Translation)

"I Want to Be"

Please remember! This translation is my personal work. It is sometimes difficult to translate word for word.

I want to be the only love in your life, I want to be
I want to be the owner of the keys to your heart
where you keep your love, I want to be
I want to be part of your life,
I want to be your favorite (chosen one)
Your everything and the most loved
I'll die without your love
I want to be the only one on your mind night and day
I want to be the owner of the keys to your heart
where you keep your love, I want to be
I want to be part of your life,
I want to be your favorite (chosen one)
Your everything and the most loved
I'll die without your love
