

Selena, Yo Fui Aquella (English Translation)

Please remember! This translation is my personal work. It is sometimes difficult to translate word for word.

I am the one who loved you
when you needed love
I am the one who hugged you
when you were hurting
And now that I need you
I can't find you
Maybe everything has changed
Maybe you've forgotten me
But I want you to remember
that you were always everything to me
I was the one
who thought of you every moment
I was the one
who watched you walk away
I can't understand why you left me
I can't understand why you hurt me
The pain doesn't matter
You are still my love
