

# Selina Herrero, Don't Be Shy

I know you saw me walking down the street  
And I know you walked behind me  
Starring at your feet and  
I hope you're coming nearer  
Asking me what's the time  
I'm hunting for the moment when your eyes meet mine  
I hope you find a way and do it right  
Cause I want you walking here right by my side  
You always cross my way but you are too shy to tell Me just a thing  
And I wonder why, boy  
And so the time goes by, you are so shy, boy  
No matter how I try, your walk gone by  
[Refrain]  
But if want it, go out and get it  
Every time you need it, reach out and grab it  
No matter how hard you have to try  
No matter how bad you have to cry  
Just don't be shy, baby don't be shy  
Why don't you come and stand in front of me?  
A little bravery, this is what you need, boy  
I know you're calling me and then you're hanging up the phone  
Why don't you say a word?  
Cause I'm like you alone at home  
Yes, I know you want me to tell you what you feel  
I keep believing, there's a day you'll make it real  
You always cross my way, but you are too shy to tell me what you want  
And I wonder why, boy  
And so the time goes by, you are so shy boy  
No matter how I try, your walk gone by  
[Refrain 2x]  
But if you want it, go out and get it  
Every time you need it, reach out and grab it  
No matter how hard you have to try  
No matter how bad you have to cry  
Just don't be shy, baby don't be shy  
I know you saw me walking down the street  
And I know you walked behind me  
Starring at your feet and  
I hope you're coming nearer  
Asking me what's the time?  
Don't be shy oh no
