

# Semisonic, All Worked Out

She's got it all worked out in her mind  
And you're part of the plan  
And you don't have the final word

She's got a long head start on your brain  
And your heart is afraid  
And you don't get to say you're thinking

Come on make it easy now  
Come on make it easy on us all  
Come on make it easy now or tears may fall

She's got it all worked out I'm afraid  
And your time is arranged  
And it's strange but you're feeling fine

She's got it all worked out I'm afraid  
And your life is arranged  
And it's strange but you're feeling fine
