

Senses Fail, Sick Or Sane

Take me to a hotel room
And tie me to the bed of my mistakes
Kiss me like I paid for this
Please don't stop till you break all my faith

And the white coats just don't get it
I'm a genius with a headache.
And the white coats just don't get it
I'm a genius with a headache.

Am I a little sick or a little sane?
Am I a little sick or a little sane?
Am I a little sick or a little sane?
'Cause I'm feeling a little sick

I'm sorry I forgot your name
But this is the first time I've played this game
I know I made a big mistake
I'm paying you to suck out all my faith

And the white coats just don't get it
I'm a genius with a headache.
And the white coats just don't get it
I'm a genius with a headache.

Am I a little sick or a little sane?
Am I a little sick or a little sane?
Am I a little sick or a little sane?
'Cause I'm feeling a little sick

She screams! (come and get some of this!)
She screams! (come and get some of this!)
She screams! (come and get some of this!)
She screams! (come and get some of this!)

And the white coats, just don't get it
I'm a genius with a headache.
And the white coats just don't get it
I'm a genius with a headache.

Am I a little sick or a little sane?
Am I a little sick or a little sane?
Am I a little sick or a little sane?
'Cause I'm feeling a little sick

She screams!
She screams!
She screams!
She screams!
