

Sentenced, Dreamland

Sweet dreams...
in deep sleep...
widen the landscape of mind!
Dreaming... and seeing...
more than a lifetime could give!

And I keep dreaming...
Oh, I keep breathing... The Night!
What treasures it may hide... The Night!

What paths it may guide to... The Night!

Time after time...
Take me, unfold me !
Hands on the Night... feeling inside....
I've lost one life !

Child of the Night...
Don't wake me up !

And you keep dreaming...
Oh, are you feeling the Night ?
Dreams, do they come true...
Tonight ! Dreams of the dead...

Night after night...
Returning to the light !
Hands of time stop !
Filling my mind...
with your starry eyes !
Child of the Night.

Time after time... tired.
Hands of the Night...
Take me away, feeling inside... so tired.

Child of the Night... we'll sleep.... Forever.
Hands of time stop...
