Sepultura, Black Magic [Slayer]

Cursed Black magic night We've been struck down Down in this Hell Spells surround me day and night Stricken by the force of evil light The force of evil light Cast Under his spell Blinding my eyes Twisting my mind Fight to resist the evil inside Captive of a force of Satan's might A force of Satan's might Fighting the curse Break it I must Laughing in sorrow Crying in lust My strength slips away Soon I must fall Victim of fortune My sources grow small Life slips away As demons come forth Death takes my hand And captures my soul
