

Serafin, Spanish Water

don't drain me
and don't fall aside
cos there's no where
and no push collide
baby maniac
your friends are freaks on crack
you've made an eyesore
and there's no happy no more!

i need water
spanish water

hey big man
think of something to say
i wanna be attacked
again by someone who prays
you wanna hurt me now
give me a beating you'll cover
and you won't put it down
and you won't leave me to suffer

i need water
spanish water

i didn't come of my own volition
i didn't come of my own volition
don't drain me
and don't fall aside
cos there's no where
and no push collide
baby maniac
your friends are freaks on crack
you've made an eyesore
and there's no happy no more!

i need water, spanish water
