

Seraphim Shock, After Dark

Death it comes, soon my love
Demons play, dressed in candlelight
Scarlet rain, on skin as snow
Never fades

Come, my love, and take the devil's kiss
My lust, drenched in blood
My love, will split the skin
My lust

Mortal dreams, thousand years
Through these eyes, I have held you all
Shadow tears, when roses fade
You will stay

Come, my love, and take the devil's kiss
My lust, drenched in blood
My love, will split the skin
My lust

Eternal winter
Angels cry
Father doesn't hear

Come, my love, and take the devil's kiss
My lust, drenched in blood
My love, will split the skin
My lust
