

# Seraphim Shock, Halloween Sex 'N Vegas

Lying next to her  
She's been this way for days  
That bullet in her head  
It's better off this way  
Love letter to the girl  
For all she's said and done  
Her pretty little corpse  
With her I'm still in

Halloween sex n Vegas  
We did it all  
She was the one for me

I see it in her eyes  
Lips so cold and blue  
The dead still talk to me  
Vegas hotel room  
I couldn't let her leave  
For all she's said and done  
Her pretty little corpse  
With her I'm still in
