

Sergey Lazarev, Music Under My Skin

I got the feeling you 'bout to rock me
I feel you're taking over
Jz to fifty 2pac to missy
You know you got me under
And there's no choice but to let you in
And nothing can stop me once it begins
Music under my skin
Music under my skin

Don't know where to begin
How did it get so deep within
Like I know i'm gonna crash
I still drive crazy
Tonight belongs to you and i
You know just what I like
So feel the music dripping out your mind

I got the feeling you bout to rock me
I feel you're taking over
Jz to fifty 2pac to missy
You know you got me under
And there's no way but to let you in
And nothing can stop me once it begins
Music under my skin
Music under my skin

I can't let it go, turn it off it's got a hold
Like a poison to my lips
I still keep drinking
It's in you that I confide
My remedy from six til nine
Just feel the music drippin out your mind

I got the feeling you bout to rock me
I feel you're taking over
Jz to fifty 2pac to missy
You know you got me under
And there's no way but to let you in
And nothing can stop me once it begins
Music under my skin
Music under my skin
Music under my skin
Music under my skin

Couldn't take it, I couldn't take it
What would you do if the music don't play
Gotta have it, I gotta have it
My world would stop if you took it away
Dislocated broken in two
I'm nothing without you
So you know it, what I owe it
Everything, everything

I got the feeling you bout to rock me
I feel you're taking over
Jz to fifty 2pac to missy
You know you got me under

And there's no choice but to let you in
And nothing can stop me once it begins
Music under my skin
