

# Serhat, I Didn't Know

i want to stay with you tonight  
far from every sight and every fear  
I got to be inside your mind  
and hide into your arms

you have to see this love is real  
come along and live with my emotions  
from now on we'll make a deal  
to thrill everything we fell

I want to sleep upon your skin  
run against the wind to reach your passion  
I lay my future in your hands  
we'll dance under the stars

I need you more and more every day  
I've got to say I am addicted  
we'll snail together the skies  
your eyes never told me lies

I didn't know  
that I'm falling for you  
and my dreams could come true  
I didn't know  
that you're warm like the sun  
our life is just begun  
I didn't know  
you're the one for me  
I thought I'd never find  
I didn't know  
that you wishes for the Moon  
to provide me the light

I didn't know  
that I'm falling for you  
and my dreams could come true  
I didn't know  
that you're warm like the sun  
our life is just begun  
I didn't know  
that you're freezing the time  
just to make you all mine  
I didn't know  
with every beat of your heart  
I'm melting into you

I didn't know  
that I'm falling for you  
and my dreams could come true  
I didn't know  
that you're warm like the sun  
our life is just begun  
I didn't know  
you're the one for me  
I thought I'd never find  
I didn't know  
I didn't know  
I didn't know
