

Serial Joe, Outrage

You wanna take it to the next level
Walkin' among the streets and burn like the devil
I don't know what's causin' your rage
Everybody wants to know why, 'cause it's an outrage.
Listen up or pay the price, don't know what's not
You know it ain't right
Madness and hate into your face
I know you're different 'cause now it's not the same.

Your recklessness caused you pain
Unfair game or runaway brain, barely tamed
Should have been cooped up in a cage
'Cause it's an outrage, listen up
That's the way
Your recklessness caused you pain
Unfair game or runaway brain, barely tamed
Should have been cooped up in a cage
'Cause it's an outrage, listen up
That's the way

Night is clear, got no fear
But you're scared to tears
What's up with that ya hear
I don't listen to your problems
'Cause I can't solve 'em
And you know that fact be true
I should have left you astray
But I don't have any way
'cause it's an outrage.

Your recklessness caused you pain
Unfair game or runaway brain, barely tamed
Should have been cooped up in a cage
'Cause it's an outrage, listen up
That's the way

Your recklessness caused you pain
Unfair game or runaway brain, barely tamed
Should have been cooped up in a cage
'Cause it's an outrage, listen up
That's the way
