Serial Joe, Outrage

You wanna take it to the next level
Walkin' among the streets and burn like the devil
I don't know what's causin' your rage
Everybody wants to know why, 'cause it's an outrage.
Listen up or pay the price, don't know what's not
You know it ain't right
Madness and hate into your face
I know you're different 'cause now it's not the same.

Your recklessness caused you pain Unfair game or runaway brain, barely tamed Should have been cooped up in a cage 'Cause it's an outrage, listen up That's the way Your recklessness caused you pain Unfair game or runaway brain, barely tamed Should have been cooped up in a cage 'Cause it's an outrage, listen up That's the way

Night is clear, got no fear But you're scared to tears What's up with that ya hear I don't listen to your problems 'Cause I can't solve 'em And you know that fact be true I should have left you astray But I don't have any way 'cause it's an outrage.

Your recklessness caused you pain Unfair game or runaway brain, barely tamed Should have been cooped up in a cage 'Cause it's an outrage, listen up That's the way
