

# Serial Joe, Turn Around

Fantasies once old and dead  
Started runnin' through my head  
When I looked into your eyes  
'N I said  
I could be your one true friend  
I'll be there until the end  
Just give a little  
And I won't let you down

Time to turn it all around

CHORUS:

It's not alright to be lonely  
Left to fumble through these  
Lost intentions  
When you're alone you can hold me  
And I'll keep you here

Cause I can help... you turn around

Contemplating what's been said  
Knew thoughts hopes were all but dead  
So I turned to you and then  
I said  
I could be your one true friend  
Broken dreams will never end  
I can pick you up  
And never let you down

Time to turn it all around

It's not alright to be lonely  
Left to fumble through these  
Lost intentions  
When you're alone you can hold me  
And I'll keep you here

I know I can help

CHORUS:

It's not alright to be lonely  
Left to fumble through these  
Lost intentions  
When you're alone you can hold me  
And I'll keep you here  
It's not alright to be lonely  
Left to fumble through these  
Lost intentions  
When you're alone you can hold me  
And I'll keep you here  
It's not alright to be lonely  
Left to fumble through these  
Lost intentions  
When you're alone you can hold me  
And I'll keep you here
