

# Sesame Street, Air

Listen up, America  
We've got something great for you!  
It's something you can feel and breathe and even see right through  
It isn't something you can smell  
Or taste or eat or see  
And please don't send us money --  
It's absolutely free

Oh yes, it's air, air, air  
It's the bargain of the day  
Air, air, air  
Doesn't look like much but, hey!  
It's handy when you're working  
It's handy when you play  
So get some air, air, air  
It'll blow you right away!

Oh, you can breathe it with your mouth

Or you can breathe it through your nose  
And when you take your shoes off, you can feel it on your toes  
It isn't purple, green, or pink  
Or red or white or blue  
It's kind of hard to spot it, but  
It's always there for you

No taste! No waste!  
No tell tale smell, it's swell!  
Oh yes, it's air air air  
Send for your supply today  
Air, air, air from Maine to Monterey  
Americans just love it  
They breathe it night and day  
So get some air air air  
It'll blow you right away!
