

Sesame Street, I Have A Chair

I have a chair
Gets me from here to there
Takes me most anywhere
That any two feet could take me

I have a chair
Helps me to get around
Gets me to where I'm bound
Just as fast as shoes could make me
Oh, faster than shoes

And my chair goes forward
Or it can go back
I can make it spin

Or race down a track

(whistling)

We can fly a kite
While I hold the string
'Cause me and my chair can do
Most anything

We're quite a pair
We glide on air
We're quite a pair
Me and my chair
Me and my chair
