

Sesame Street, S, You're The Best

Ya got a lotta curves
Ya got a lotta style
I especially like your S-profile
S, S, S, you're the best

You start words like "sail";
You start words like "sun";
You start words like "stop"; when I'm on the run
S, S, S, you're the best

You've got no sharp points
You've got no straight lines
But when it comes to making words
You do just fine
S, S, S, you're the best
S, S, S, you're the best
