

# Sesame Street, Skin

Skin!

Covered all over with beautiful skin

Skin!

Covered all over from ankle to chin

Lovely skin on kneeses and noses and ev'rywhere

Skin on tummies and toeses and under your hair it's even there

Oh skin!

Wonderful colors and beautiful tones

Skin!

Think of without it you're nothing but bones

Skin is ever so lovely no matter the color you're in

Let's hear it for skin

Beautiful skin

Skin!

Covered all over with beautiful skin

Skin!

Covered all over from ankle to chin

Without skin for touching and rubbing how much we'd miss

There'd be no hands for shaking and scrubbing

And just think of this no cheeks to kiss

Oh skin!

Wonderful colors and beautiful tones

Skin!

Keeping the rain off our muscles and bones

Skin is ever so lovely no matter the color you're in

Let's hear it for skin

Beautiful skin
