

# Sesame Street, Write It Down

Maria: I got something to tell you  
I don't need to sell you  
The coolest thing I ever found  
It's fresh and it's neat  
It's hip on the street  
To do what we call  
Write it down

Write, write, write  
Write it down, write it down  
Write it  
Write, write, write  
Write it down  
Write, write, write  
Write it down, write it down  
Write it  
Write, write, write  
Write it down

David: When I work in the store  
It's never a bore  
'Cause I get orders from all over town  
Bert needs bread  
And Ernie wants thread  
To remember I just write it down

David and Maria: Write, write, write  
Write it down, write it down  
Write it  
Write, write, write  
Write it down  
Write, write, write  
Write it down, write it down  
Write it  
Write, write, write  
Write it down

Luis: When I'm writing a play  
Or a story I made  
Think about it 'till no one's around  
When I'm by myself  
I go to the shelf  
Take my typewriter and write it all down

Luis, David and Maria: Write, write, write

Write it down, write it down  
Write it  
Write, write, write  
Write it down  
Write, write, write  
Write it down, write it down  
Write it  
Write, write, write  
Write it down

Forgetful Jones: What am I doing here?  
I've forgotten I fear  
But don't worry or fret or frown  
Got this thingamawhiz [a pencil]  
I don't know what it is  
But I use it when I write it down! Hey!

All: Write, write, write  
Write it down, write it down  
Write it  
Write, write, write  
Write it down

Maria: Now you know what to do  
So it's all up to you  
So get with it  
Come on, go to town!  
You've got something to say  
Well now you know the way  
Get some paper and just write it down

All: Write, write, write  
Write it down, write it down  
Write it  
Write, write, write  
Write it down  
Write, write, write  
Write it down, write it down  
Write it  
Write, write, write  
Write it down
