Seven Nations, Seeds Of Life

Ooh how my mind moves to green when I close my eyes Because green is the color of life, life I'm denied Seeds of hope, seeds of faith Will you grow, grow to escape Prison walls and grow greener And carry me far away

Ooh how the time moves so slow while my garden grows But hope's my companion, time without, well often I've known Well I won't, and I will And I won't , I won't stop until You grow strong, and grow greener And carry me far away Carry me far away

Take me and then arrest me Take me, don't leave me long Don't

Seeds of hope, seeds of faith Will you grow, grow to escape Prison walls and grow greener And carry me far away Carry me far away
