

Seven Nations, Up To Me

no i never drink my poison
no i never let you see
no i never drink my poison
unless it's good for me
no i never ponder confusion
sit around and wait to see
or watch the outcome of a certain situation
i had in mind for eternity

yeah it's up to me
what will be is up to me
no i never make a choice unless it's got to be
and i never give a reason

no i never sink my teeth in
no i never take a bite
no i never sink my teeth in
unless i feel the right
no i never play the jokerman
sit around and wait to see
or watch the outcome of a certain situation
i've had in mind for eternity

yeah it's up to me
what will be is up to me
no i never make a choice unless it's got to be
and i never give a reason
