## Seven Nations, Up To Me

no i never drink my poison no i never let you see no i never drink my poison unless it's good for me no i never ponder confusion sit around and wait to see or watch the outcome of a certain situation i had in mind for eternity

yeah it's up to me what will be is up to me no i never make a choice unless it's got to be and i never give a reason

no i never sink my teeth in
no i never take a bite
no i never sink my teeth in
unless i feel the right
no i never play the jokerman
sit around and wait to see
or watch the outcome of a certain situation
i've had in mind for eternity

yeah it's up to me what will be is up to me no i never make a choice unless it's got to be and i never give a reason
