

Seven Witches, West Nile

Uganda 1937

First brought to light

West Nile our vengeance from the heavens

Death soon takes flight

Sending millions of Minions of terrorism

Spread the infection

In the path of god they fly out

Headed for the west

Infected blood destroys the godless

Right in their nests

Sending millions of Minions of terrorism

Spread the infection

Meningitis

Encephalitis

Spinal chords and brains swell

Kill every last infidel

Sending millions of Minions of terrorism

Spread the infection

West Nile...
