

# Sevendust, Corrected

Sun went down, it seen your life  
It was over  
Discuss, disgusted, with ruthless  
No particular reason  
It's over  
Seems like you're hanging on  
To something that's always been gone

Can't you see what I can't be? Let me show you  
Feelin' so corrected  
Bleeding here in silence  
You say that I'm evicted  
One thing that real to me  
What does it mean to you?

You make me feel so left behind I can't wait to get there  
What's it like for you, it's a dream  
You have everything I want and all you do is be

Can't you see what I can't be? Let me show you  
Feelin' so corrected  
Bleeding here in silence  
You say that I'm evicted  
One thing that real to me  
What does it mean to you?

Can't you see what I can't be? Let me show you  
Feelin' so corrected  
Bleeding here in silence  
You say that I'm evicted  
One thing that real to me  
What does it mean to you?

Can't you see what I can't be? Let me show you  
Feelin' so corrected  
Bleeding here in silence  
You say that I'm evicted  
One thing that real to me  
What does it mean to you?

Can't you see what I can't be? Let me show you  
Feelin' so corrected  
Bleeding here in silence  
You say that I'm evicted  
One thing that real to me  
What does it mean to you?
