

# Sevendust, Denial

What - never say what you mean  
All I hear is scream  
Never say that to me  
Never say that to me  
Wait - wipe that shit off your face  
Let's don't stop till we bleed  
The more you spit out your mouth the less I believe

Denial seems it had to come  
Relied on me to say it all  
Denial has LEFT YOU ALL ALONE

I - Can all that shit that you said  
Ever make any sense  
Where did you run to - Bitch  
While I was holding my breath?  
What's sacred faded into nothing  
Never put that on me...  
Never put that on me...

Denial seems it had to come  
Relied on me to say it all  
Denial has LEFT YOU ALL ALONE

Denial seems it had to come  
Relied on me to say it all  
Denial has LEFT YOU ALL ALONE  
Waste

Denial seems it had to come  
Relied on me to say it all  
Denial has LEFT YOU ALL ALONE  
(repeat)
