

Sevendust, Terminator

I can go way back in my mind
This music thing was a joke
I didn't do my time
They couldn't finally bring me up
Now I do it real tough
And I'm rough

Come on I'm the terminator for all
Hurry up y'all its time to go on
I love to hate em
This is my story yo

I'm a terminator determined to end your life [repeat]
I'm a terminator [repeat]

Can I ever have good luck?
Seems in life, nothing
Yeah everything is so fucked up
I gotta keep going on
I will survive, I'm strong

Long time coming
Somebody catch my train
It's too late, Its driving me insane
Everybody is going somewhere else
This is my story yo,
Peace [repeat]
I'm a terminator determined to end your life [repeat]
I'm a terminator [repeat]

I'm a terminator determined to end your life [10x whisper]

I'm a terminator determined to end your life [repeat]
I'm a terminator
I'm a terminator determined to end your life

Taken back life
