

Sevenfold Image, Hidden Faces

Sitting Here, I'm Smiling
I wonder what is happening to live your life
So differently I'm swallowing
You smother me, you're hidden
Life, it bother me,
A broken piece falls off of me.

Your, hidden faces
Broken places,
Lost my patience again with you.

Step back, Get away from
Me, you're in sin, I've tried to help you.
Now live your life the way you choose,
Reach out your hand; I'm here for you,
Time after time, I'm here Again, I'm pulling you through.

Where did you, go wrong,
Time after time, your broken, you fall
Straight to the game, you gamble, you lost it all,
Your precious life, it's your choice again.
