

Sex Appeal, Life Goes Up, Life Goes Down

Life goes up - Life goes down
La dee da, oh la la, round and round
Life goes up - Life goes down
La dee da, oh la la, round and round

We will have a love never ending
I believe in all your pretending
Time's a rollercoaster to you and me
So jump on and we wait for the landing

We've got it, We'll make it, I swear I'll never fake it
My heart is beating for you (just for you)
Together forever, you'll give it and I'll take it
We'll make our daydreams come true

Life goes up - Life goes down
Some are heroes some are clowns
And the name of the game simply love
One day up - Next day down
Dig the rhythm and the sound
Oh we can't no we can't get enough

Life goes up - Life goes down
La dee da, oh la la, round and round

Life goes up - Life goes down
La dee da, oh la la, round and round

Come on baby, baby please please me
And when my heart is aching release me
We don't know what we're doing but we play it cool
And when you catch me dreaming just squeeze me

We've got it, we'll make it, I swear I'll never fake it
My heart is beating for you (just for you)
Together forever, you'll give it and I'll take it
We'll make our daydreams come true

Life goes up - Life goes down
La dee da, oh la la, round and round
Life goes up - Life goes down
La dee da, oh la la, round and round

Singing la la la la, singing lalaladeda
