

# Sex Slaves, Thank God For Jack Daniels

One thing I have learned out on the highway  
In every town there's a friends I'm bound to see  
We went down to Tuscan, Arizona  
(That's Right)  
And there he was just waiting 'round for me  
Thank you Lord, for Jack Daniels  
Thank you Lord for saving me  
The only thing that keeps me from the devil  
Is another glass of that good old Tennessee  
Barkeep won't you pour me a stiff one  
'Cause me and the boys are gonna get fucked up tonight  
You keep 'em coming  
My towns a' running'  
We ain't got nothing better to do  
Than look at the girls climbing on the train with you  
Thank you Lord for Jack Daniels  
Thank you Lord for saving me  
The only thing that keeps me from the devil  
Is another glass of that Tennessee

Cut me off if you think I've had too many  
Cause they're going down just way too easily  
It's been a long time since I've seen the face of Jesus  
But tonight I see him sitting right here with me  
Thank you lord for Jack Daniels  
Thank you Lord for saving me  
The only thing that keeps me from the devil  
Is another glass of that good old Tennessee  
Thank you lord for Jack Daniels  
Thank you lord for saving me  
The only thing that better than Jack Daniels  
Is drinking my Jack Daniels for free
