

Sexy Sadie, From Out Of This World

Like the sun pass through the trees
I saw some flashes down the hills
I went down to see what was coming
From out of this world.
Did you hear what they said !
"They could get into your mind ";
"They came from outter space they came over
from out ofthis world";
Did they break all your bones?
Did they play on words with you?
What happened to you ? Looks like other
from out of this world.
I' ve been watching T .V.
Go! take care ofyourself
I' m too young and I want to get older ,
but I won ' t leave my home
I won't leave my sons.
I know them uh! I saw them ' all
I think I can' t contro
I saw them uh! I f**k them ' all
I think I've loose control.
