

# Shad, Exile

Though I sympathize with em  
And empathize with em  
I dont synchronize with em  
Or enterprise with em  
We dont fraternize with em  
Were not allies with em  
We dont strategize with em  
Let em patronize  
We dont want no ties with em  
Wont monopolize with em  
Let em ostracize  
We don't  
compromise with em  
We wont victimize with em  
Commit genocide with em  
Spit their lies with em  
Or objectify women with em  
Socialize with em  
Broke my ties with em  
Now we open-eyed in this over-hyped system  
We know

Chorus:  
This wisdom of man  
Is foolishness to God  
Dont build on the sand  
Or trust in the odds  
Be shrewd as the snakes  
And innocent as doves  
Dont succumb to hate  
Overcome hate with love  
(x2)

Were taught not to question to status  
quo cuz the masses never get heard  
thats unless your established  
with expert professors in dress-shirts  
and glasses that lecture to classes  
from lecterns  
where next term the best third will pass an  
earn cash working as  
dresk clerks for the best firms in manhattan  
where the pressure can crack em  
cuz networks and net worth and class get  
treasured over pleasures that last  
always measuring stacks  
a passion for lesser gods  
growing, see the distraction is clever  
but trust

(chorus)

Though I sympathize with em
