

Shaggy, Geenie - Brian & Tony Gold

She's definitely mine until the end of time
{Talkin' bout the sweet little girl, hmm}
My darling princess {Huh, huh}
I gotta get Brian and Tony Gold on this one
{In the whole wide world}
Allow me to express my love
Lady, you're definitely mine, Shaggy

She was a geenie and a perfect work of art
She had a certain light that overcame the dark
I could imagine this love to fall apart
My baby, my love, one who won my heart

She's mine
She's mine {Ooh, mine}
She's mine {Oh, the girl is mine}
She's mine {Oh, mine}

I say forget the tricks, let my feelings intercept, yes
Let them know you hold the status of a princess
My love, my love, you have the key to my fortress
Refer to you as your royal highness, yes
God bless, simply flawless
Me alone fi put the egg them in a you basket
Another woman in a mi life, there's no contest
Girl, you got my heart, you know I got to confess

Huh, the way that she moved was like she guided through the breeze
With every step she took she made my poor heart freeze
Sweetness she portrays
Girl, my love gets stronger day by day

She's mine (Till the end of time)
She's mine (My baby love, you are mine)
She's mine {Girl they say she's mine}

She's mine

I say goodness gracious me
She's got me on my knees, now I am beggin' please
Why don't we take a trip down to the Florida keys
Let's spend some Gs and set your mind at ease, ugh, yeah
I'm here to make your life better, yeah
Express yourself in all your love letter, yeah
I'm here to give you extreme pleasure, Jah
I'm the man you wrote about down in your ledger, Jah

Hey, she was a geenie and a perfect work of art, huh, huh (Yeah)
