

Shaggy, Those Days (Deluxe Edition)

(feat. Na'sha)

Long time she want me change my ways
Knew as me a bad from back in the days

Those were the days my friend
We thought they'd never end
Thought we would last forever and a day
I took one look in his eyes and fell for all his lies
So why do I want this man to stay? Yeah, yeah(uh! uh! (Shaggy)

Wooky, wooky, when me give Angelina
Make she curl up, I throw them and scream
Feel me loving make them gal them reveal
Everything in them heart that them feel

Good loving when the woman receives
Sake them ehat she wants she can't leave
Ragga, ragga, me no pet gal feel real
Make them know me no romp when we a do it

Gal, you're hot and it shows
From the hair style to the pedicure toes
Gal, mesmerize from the lyrical flows
We habe the argument to con her out of she clothes
