

# Shake Your Peace!, Celebrate Frankenstein

It's a black giant season of towers  
Taking toys and taking showers

CHORUS:  
Celebrate Frankenstein  
The man with the x-ray eyes (repeat)

VERSE 2:  
For your film theater you know prove the dance  
As Grace Wolf, Hillary Duff tracking shots  
The worst thing that ever happened to us

(CHORUS)

Free the Westside of Central Park  
Goodwill mirror for the freedom party  
Meditate on the new Village Voice  
Summer families in the music choice  
Is it good for your brain to feel slanted!?!?

Full of dragonflies and moon elevators  
your kids go tagging your rusted freighters

(CHORUS)
