

# Shakin' Stevens, I'll Be Satisfied

Just a kiss, just a smile  
Hold my hand for just once in a while  
That's all I need, all I need and I'll be satisfied  
Think of me when you're away  
Call me darling just once a day  
That's all I need, that's all I need and I'll be satisfied

True love came to me when I met you  
True love makes me know I won't forget you  
When you're around me it makes me feel  
Life is worth living baby love is so forgiving

Just a kiss, just a smile  
Hold my hand for just once in a while  
That's all I need, all I need and I'll be satisfied  
Think of me when you're away  
Call me darling just once a day  
That's all I need, that's all I need and I'll be satisfied

True love makes me know I won't forget you  
When you're around me it makes me feel
