## Shakira, Something

Quand tu Quand tu me prends dans tes bras Quand je regarde dans tes yeux Je vois qu'un Dieu existe Ce n'est pas dur d'y croire

Before I met you I wasn't terribly lucky Every Prince Charming lost charm after twelve But then you came and made the past look so funny Put my old sadness to sleep on a shelf

If this was meant to be Don't condemn me to be free And even if we never marry I will always love you, baby Childishly

'Cause something
You've got something I can't resist
Things are what they will be
When I look into your eyes
They say to me that God still exists

And there's something
You've got something I can't resist
Things are what they will be
When I look into your eyes
They say to me that God still exists
You make me believe
You make me believe

I love the temperature and smell of your body The shape of your lips and the size of your nose I love that everything you say is so funny Plus you're the best kisser that I've ever known

You see the way I am Without make-up, without clothes And you accept me like nobody And I will always love you, baby With eyes closed

'Cause something
You've got something I can't resist
Things are what they will be
When I look into your eyes
They say to me that God still exists

And there's something
You've got something I can't resist
Things are what they will be
When I look into your eyes
They say to me that God still exists
You make me believe
You make me believe

Quand tu
Quand tu me prends dans tes bras
Quand je regarde dans tes yeux
Je vois qu'un Dieu existe
Ce n'est pas dur d'y croire

There's something I believe...

There's something I believe...

There's something I believe I do

You make me believe...

... Je te desire ...
