

Shakira, Un contralás mi destino (english)

When I think that this
Can be solved
You get close to me and throw everything out the window
And fear has made me much stronger than you
But you're just going to conquer me anyways
But now I realize
That my heart races and I shake
My feelings revolt me
My heart stops
I can't bear that you control my destiny
Chorus:
Have a little bit of mercy on me
You don't see that I'm on the point of giving up
I find myself paralyzed from head to toe
And I don't know what to do
And now I tell myself
To forget about the fear
Because my love inside is burning like a wildfire
And the fear that burns me up
Comes back and invades my land
So that things don't work like I want
But that feeling is stronger
Than my thoughts.
My feelings revolt me
My heart stops
I can't bear that you control my destiny
Have a little mercy on me...
