Shanell, Boy Stop Playin'

Doesn't mean that much
That your rather lose us
Am I asking for too much
When I say I need your trust
Baby can't you see
What were doing isn't healthy
If we suppose to be what we need
Don't let your pride get in between

Why can't you just let it go
Oh baby that's all I'm asking
I see where we can go
Baby lets try
Why don't you
Show me I need more
And whatever got us here fighting
Lets not make it so
So much harder than it has to be

Aye I put my heart up on the line
Boy stop playin'
All I wanna do is love you
Lets not waste each other's time
Act like you know your way
No one else can get it
/2x

So is it really bad enough
To give it up
Only to turn around and be hurt
You know there's no way that I rather be
Then right here with you next to me
I know you know me better then that
Why doubt us

Why can't you just let it go
That's all I'm asking
I see where we can go
Baby lets try
Why don't you
Show me I need more
And whatever got us here fighting
Lets not make it so
So much harder than it has to be

Aye I put my heart up on the line
Boy stop playin'
All I wanna do is love you
Lets not waste each other's time
Act like you know your way
No one else can get it
/2x
