

# Sharko, President

Pam and Jackie (Patsy) say it is  
The young and lonely kid in Belgium is a ghost  
It's alright...

Ex-President of the United States

He forgets it by noon

He tries to forget his only only ex- ex-wife

Then follows it too soon

He tries to forget his only lack of life

Ex-President of the United States

Of America I fear

His only courage is to stand in the middle of, the middle of, the middle of

And meet love yeah...
