

Sharko, Trip

I'm new in town
I know no one
Polite and pleat
So far so neat
I know exactly
I feel exactly
In my galaxy
Life is so sweet

System is broken down
System exploded down
In my galaxy
Life is so sweet

I've seen your face
I've loved your face
I've loved your ways
Oh my rifle
I love your face
I love your ways
Do you want to know me
In my galaxy?
