

ShattereD, Acts Of Protection Or Deceit

Another day, another rejection
Nothing seems to work out for me.
My life is getting worse and worse,
Every second something else goes wrong.
What you say to me is lies.
Are they to protect me?
Or to deceive me?
Tell me before I go insane
With this wall of pain

You lie to me,
To protect, or deceive me?
I can't understand
Show me the reasons,
The reasons for this torture!

You act like you want me,
You act like you need me,
All these acts are fucking up my head.
Show me the true you,
Not the fake you.
Help me decide which is better.
Help me to learn which road to follow.
And will it be the right way?
Only I will know.

You lie to me,
To protect or deceive me?
I can't understand
Show me the reasons,
The reasons for this torture!

Your face is so sweet,
Your attitude so calming,
Why is it that you can't be mine?
I THINK YOU LIE TO PROTECT ME
