

# Shaun Groves, I Love You

Don't you get it?  
I'm not gonna leave you out  
Don't you get it?  
I'm not gonna leave you now  
The rope your hopes are dangling from  
Is unraveling and coming undone  
But I will always be holding on  
To you

(chorus)  
I love you  
I love you  
I love you

Don't you get it?  
I'm not gonna leave you out  
Don't you get it?  
I'm not gonna leave you now  
You're embarrassed and ashamed I can tell  
Living in your handmade hell  
Well that's a place I know too well  
I do

(chorus)

I'm just glad that you didn't run  
Cause we've all been there everyone  
I know you're feeling dirty and dumb  
No need to

(chorus)
